

Leave your checkbook at home.

Simply Giving - a simple generous choice.

I would like you to consider participating in a program designed to simplify weekly giving in our congregation. Churches, because of their heavy weekly check volumes, were among the earliest organizations to embrace electronic giving as a way to automate contributions. Today, electronic giving in all its forms provides convenience for frequent check writers and donation consistency for churches.

A less frequently discussed benefit of electronic giving is its positive impact on the environment. An enormous amount of natural resources are consumed in the production, transportation, processing and disposal of paper checks. That's why paying bills electronically always ranks high on any list of actions an individual can take to improve the environment. The trend toward electronic payments has already produced more than a 50% decline in check use since the year 2000.

As you consider the payment method you use to make your regular offering, we hope that you will think about the unique connection between financial stewardship and environmental stewardship.

Direct Debit Giving is used to automatically transfer funds from your checking or savings account to the church's bank account. If you are already using direct debit to make mortgage and car payments or to pay utility bills, then you know how it works.

There is no cost to you for this new giving option. If you are currently giving on a weekly basis, you will no longer need to write out 52 checks a year or prepare 52 envelopes. And, when travel, illness or other circumstances prevent you from attending services, this program will allow your weekly offerings to continue on an uninterrupted basis.

"Frequently Asked Questions" can be found on the back.

To participate in electronic giving, please complete and return the attached authorization form to the church office. Include a voided check if you want your offering to come out of your checking account.

Thank you for considering this new giving opportunity.

Electronic Giving

Open your heart without opening your checkbook

Electronic Giving is the term used to describe automatic methods for making contributions on a regular basis without the need to write checks, carry cash or prepare envelopes. Although *Direct Debit Giving* is the original and most popular form of electronic giving, the term is now widely used to describe *Credit & Debit Card Giving* and *Online Giving* as well. The following discussion pertains *only* to Direct Debit Giving.

Frequently Asked Questions About Direct Debit Giving

Q. What are the major advantages of electronic giving by direct debit?

A. Direct debit is all about convenience for you and consistency for the church. Electronic giving eliminates frequent check writing and helps members stay on track with pledges even when they are unable to attend services. The church in turn benefits from much-needed donation consistency and a reduction in the volume of check and cash contributions that must be handled and manually processed in the church office.

Q. How does Direct Debit Giving work?

A. Contributions are transferred automatically from your checking or savings account to the church's bank account.

Q. How are my automatic contributions deducted and transferred?

A. First, you sign and return an authorization form to the church indicating the amount you wish to contribute on a regular basis. Contributions are then transferred through the Automated Clearing House (ACH) network—the same network already used by families to make mortgage and utility payments or to receive payroll earnings and Social Security income. Direct debit goes by other names including Electronic Funds Transfer (EFT), automatic payment, or simply, ACH.

Q. When will my contribution be debited from my account?

A. A debit to your account will occur each month on the date you specify on your authorization form.

Q. How will I keep track of contributions in my

check register?

A. Since your contribution is made at a pre-established time, you simply record it in your check register on the appropriate date. Electronic contributions will appear on your bank statement.

Q. What can I use to prove I made a contribution?

A. Your bank statement will show an itemized list of electronic transactions that can be used as proof of your contributions.

Q. Is giving by direct debit risky?

A. It is certainly less risky than writing checks or carrying cash to church. To process electronic donations, the church uses Vanco Services, LLC—an established and highly-regarded company that moves funds directly from church members to the church on the same day without any delay. Vanco processes contributions for more than 10,000 churches and nonprofit organizations.

Q. How much does direct debit giving cost?

A. It costs you nothing and it costs the church very little. It is the lowest cost method of transferring funds.

Q. What if I try electronic giving by direct debit and don't like it?

A. You can cancel your authorization at any time by notifying the church office.

Q. How can I sign up for electronic giving by direct debit?

A. Complete, sign and return an authorization form to the church office.
